### **English Grammar – Composition**

#### **Honesty is the best policy.**

We should always be honest in our dealings with other people because honesty is the best way to succeed in life. We should always tell the truth , that way we don't have to remember what we have said. Honesty is truthfulness . It is a great quality. It brings about

trust, confidence, respect and friendship. Honest people are always trusted and respected. A dishonest person may build up a great fortune but he will never be happy. Honesty is considered as the best tool of success in life.

**Note- complete this work in your grammar copies and learn.**
